

▶ Angel Investors' Program

Apprenticeship Fellowship

Omar Dyer ▶ Legal Representative ▶ 12/31/2022

The focus of this program, which is sponsored by The New Jersey Economic Development Authority:

Create a fellowship, and paid internship on Angel Investing, and learning how to build and support

Private foundations. This program is a grant-based program that is developed by Omar Dyer.

Disclaimer: The state of New Jersey is giving Coaches 101 A NJ Nonprofit, the exclusive rights to oversee this program, as in part: The state of New Jersey has no jurisdiction, managing function or information on this venture. This apprentice fellowship is a grant based opportunity to teach financial literacy and promote a healthy engagement for the My Plan Challenge Foundation Fund.

Angel Investors' Program

Apprenticeship Fellowship

Welcome? What is this apprenticeship program?

It's an intensive 1-year program that will help you raise money for this foundation. It is based on an opportunity in where this foundation is making an investment into your success.

How do we know if this program works?

Omar Dyer spent three years developing this apprenticeship through trial and error, self-education, plus joining government training programs.

How does this program get funding?

Coaches 101 A NJ Nonprofit Organization will take out a direct loan worth \$65,000 from the state of New Jersey. The New Jersey Economic Development Authority will loan our Angel Investor the money using his personal assets. Once the funding for your employment into this apprenticeship is secured, you will be awarded a grant in the exact amount. Please be advised that the grant is not a loan, you're an apprentice.

Which means, what we teach you, it's your obligation to raise the amount back. Why? Coaches 101 A NJ Nonprofit and Omar Dyer would have to repay the state of New Jersey for funding this apprenticeship opportunity. It's a job.

You want to learn how to be an investor, well you have to learn how to raise money.

Program Agenda? What are we doing?

You are learning how to become a disqualified member of this private foundation. And you will be given the opportunity to host events, and fundraisers for our public art. Coaches 101 A NJ Nonprofit has ownership to titles such as: BYDKIATJ Token, and BRUH: "YOU DIDN'T KNOW I AM THE JOKE" as an NFT. A Non-fungible Token that was developed by Omar Dyer using A.I. Technology from partnership platforms like Facebook, and Instagram. These fundraising events must be conducted online, you will be using your social media account, and you will be required to get approval as a partner of this program.

Coaches 101 A NJ Nonprofit will pay for the verification of the platform pages at the prices rendered. Coaches 101 A NJ Nonprofit will pay for the marketing services and boast on the content of the page for 1-year.

In Person Events:

Coaches 101 A NJ Nonprofit will host semi-annual summits, such as expositions to showcase and fundraise directly. Your job as an apprentice is to meet the fundraising goals, by raising funds and bringing in owners or investors.

As the apprentice of Omar Dyer, you will become an "Angel Investor," in the state of New Jersey. And this is how the legality of this program gets touchy. The state of New Jersey requires most Angel Investors to make \$100k to \$250k annually on their private tax returns. And have no less than \$1 million in assets.

And that is why Omar Dyer is selecting 2 people to join him in this apprenticeship program. Please be in mind that this process will take 3 months to verify, and 7 months to complete – which leaves Coaches 101 A NJ Nonprofit 2 months and thereafter to repay the state of New Jersey.

Approval into the program!

Once you are approved into the program, which means, you will follow the normal HR hiring process. No! You are not applying for a college certificate, a degree, or a diploma. In this program, you are not getting anything but education and a bullet point on your resume.

You are helping out this organization on building the My Plan Challenge Foundation. Which means as Omar Dyer's apprentice you will learn what he learns, you will help him build this social enterprise, you will gain the same accreditation he has. Which means, you will become a notary, and you will have to achieve tax preparer certifications, become a certified agent or public accountant. You will be required to have influence in your community—with outreach programs. And once you have learned what Omar Dyer knows, you will be given the opportunity to be a board member of a public project or design your own public project.

That's the draw you into the program phase, yet building a foundation take a lot of time, and a lot of legal expertise. It's not as lucrative as you may think, and just complying with the IRS is a major hassle, which is why the demand on fundraising is vital and important. If you can't raise \$65,000 in one year—then Omar Dyer would have to keep you in the program for another year.

Which means, you have two years from the day the state of New Jersey approves of your application, which is sponsored by Coaches 101 A NJ Nonprofit using the personal assets of Omar Dyer; to complete the program, or the company is in the red. And once the company is in the red – we can't extend the program, or bring in new investors or apprentices until your account is closed. That's why this is a grant and not a scholarship, and that is why we consider this opportunity as a job. If you want to be a serious investor, then you have to learn how to correctly invest.

Your Benefits:

How can you benefit from this program?

Very Simple! You will be able to build a resume, and then you will be able to build the credentials on what the state of New Jersey requires to be an Angel Investor. And if you are successful, you will have assets or be managing assets worth \$1.5 million dollars.

Please be advised as you read this golden opportunity, these are crypto currency, which means at the end of the year. The budget is scratched to 0, because this company has a 0 based budget which is a requirement by the state of New Jersey in order to be a nonprofit organization.

This is a complex program, and it is still currently being developed as we speak. The opportunity to grow with this company and this fellowship is much needed. If you want more detailed information on this opportunity, please contact us at the post office address: PO Box 4463, Jersey City, NJ 07304.
